

# PHOTO RELEASE

Saint Patrick Religious Education Program recognizes the sensitivity of posting photographs of children for public viewing.

Therefore, photographs or videotape recordings of students which have been produced by our VBS staff and/or parish photographer will not be used for public viewing without signed permission by the student's parent/guardian.

With signed consent, photos may be published in our church bulletin, on our church website, the church bulletin board, or in local newspapers. Please sign below if you are giving permission.

*I give permission for photographs to be taken of my child(ren) named below only during the Maker Fun Factory Vacation Bible School.*
